

# THE ORIGINAL STARFIBER® MICROSCOUR CLOTH

## AREAS OF USAGE

- Kitchens: Refrigerators, stovetops, ovens, appliances, cabinets, counters, linoleum. Also, these cloths are excellent for drying surfaces - especially dishes!
- Bathrooms: Mirrors, bathtubs, showers, sink tops, faucets, tile, etc.
- Other: Windows, glass, wood.

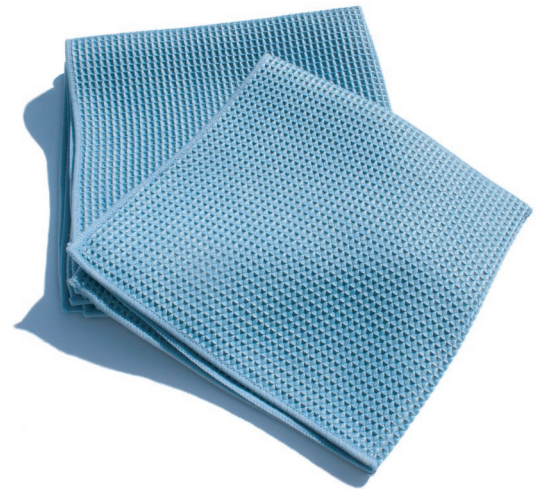

## FUNCTION

StarFiber® combines friction, static-electricity, and a capillary effect to absorb and remove micro-particles, dust, dirt, oils, and surface moisture.

- Cleaning:** StarFiber® cleans and absorbs through capillary effect and friction. Cleans and polishes surfaces without leaving streaks and smudges.
- Dusting:** Removes dust particles through static-electricity. Absorbs and traps micro-particles within the fibers.

## REMOVES

- Dust
- Dirt
- Crumbs
- Pet hairs
- Microparticles
- Surface scuff marks
- Tough dried-in dirt
- Spills
- Stains
- Odor-causing bacteria

## PRODUCT INFORMATION

Item Code:	E4040B-C
Case Quantity:	300
Colors:	Blue
Size:	16" x 16"
Country of Origin:	China

## TECHNICAL INFORMATION

Presentation:	Starfiber Microfiber
Weight:	350 g/sqm
Composition:	Made of 76% polyester / 24% polyamide
Resistance:	Over 200 machine washes
Absorption:	450% of weight of material
